Number of bedrooms /nights for delegates :

Approx 100 bedrooms for dinner guests staying overnight

Number of staff working on event :

55

GALA DINNER DETAILS

Three-course dinner with spectacular modern circus entertainment including clown, silk artists and LED dancers.

EVENT PLANNING

There were a lot of planning meetings in the run-up to this event because of the complicated logistics of the circus entertainment.

THE LIKELY LEGACY FOR FUTURE EVENTS

This was the first time Deloitte's Cardiff and Bristol offices had combined to stage a summer event. It is hoped that Celtic Manor will become a permanent home for this event.

THE VERDICT

"From the initial planning through to the execution of the event, the team at the Celtic Manor were outstanding. Our ideas were fully supported by Hannah, our dedicated Events Manager, who ensured a clear and efficient line of communication was maintained throughout the entire process. The Caernarfon Ballroom was fully equipped to take on the production we had planned, which coupled with the five-star service given during the event itself made the evening a huge success."

-Executive Assistant, Deloitte

"We had a great working relationship with the client throughout the planning and delivery of this event. The staff at Celtic Manor were really on board for the event and they were excited to work on a dinner that was a little bit out of the ordinary. It was one of the biggest themed dinners that we have done this year. I don't think many venues could have housed the circus entertainment but the access to the roof space in the Caernarfon Ballroom was perfect for this."
